The glass of bubbly was greatly appreciated by those who stayed on, thanks to Michael Chambers for organising and refereeing. A great MCC afternoon.

3. Just an update.....

Many of you will be aware that Arvind Modi's son, Kishan, has been undergoing treatment for leukaemia during this year.

It is wonderful to report, that not only has his treatment been successful, but that Kishan is now an Ambassador for the Leukaemia Foundation.

MCC would like to wish Kishan well on his journey, and our very best wishes to Arvind and his family.

See you at the Christmas Party
